Dear Chris,

Thank you for contacting me on Friday morning regarding my EMail below requesting an answer as to how the complaint you supposedly received in January could have suddenly become lost. I have not received a written Email reply that you promised me you would send me during our phone conversation to answer my question below. I need to understand how you originally determined that your office had my complaint for so long and why you now believe that was a mistake. Your verbal answer, "That's a good question". is just not adequate.

Thank you,
Garland

Dear Chris,

Thank you for forwarding me an advance copy of Shawn LaGrua's letter, dated December 3, stating that she cannot locate my complaint. As we discussed on the phone Thursday, you have personally told me several times over the last 10 months that your office was in receipt of the complaint that I filed in January of this year but you could not provide me a status of whether or not a case was opened. I do not understand how you could possibly have been mistaken that many times for that long a period of time. Please provide me an explanation of how you determined that the office had my complaint during our previous communications for the past 10 months. I ask that you respond to me today. Also, please feel free to call me at 404 606-3206 anytime on Friday. Thank you in advance for your cooperation.
